Whise players have received at the hands of the police magistrate at Hyde, in Cheshire, a warning not to play at the game known as 'solo whiat' in publichouses. Four guests at a hotel in that town being detected by a constable in this heinous not were summoned to answer for their misdeed. The question appeared to turn upon two points: First, was selo whist 'a game of chance?' secondly, was the room in the hotel in which they were discovered a certain open and public place within the mesning of the Act? After the expenditure of much casuistry and legal learning upon these problems the Bench finally found the four whist players guilty and inflicted a fine of half-a crown oach. A case, bowever, has been granted for the Court of Queen's Bench.

Mr. A. W. Pinero's four-net farcical comedy 'The Magistrate' was performed by withis company to a crowded house last night, and another success was scored. Mr Henry wion on the audience in the first and second nights of the season, as Benjamin Brown in 'My Uncle,' firmly established himself in the good graces of the house last night by the all round excellence of his acting as . The Chairman said-Gentlemen, the report having been in your hands for some d ya, with your permission we will take it as read. The Directors regret that the report is not more favourable, but that is accounted for by the very few visitors who come to the Hotel during the greater portion of the last mix months of the year. The Dividend now proposed will make 8 per cent, for 1892. The new wing was opened on the 1st December last and has been fully occupied since. The old portion of the Hetel has been thoroughly overhauled and should not require any more repairs for a considerable time to come. Shortly after the opening of the new wing we advertised a portion of the old premises to let, but so far have been

unable to come to terms with any one. A new less has been made with the Canadian Pacific Mail Steamship Company f r their office, for a term of 3 years, at \$5,650 last. During the six months a loan was arranged with the Hongkong Land Investment Company, Limited, for \$200,000, to pay off the overdraft with the Bank, and a further arrangement was made for the loan of \$150,000 more, payable in April next, to pay off the same amount off the Debentures if necessary. The long-spokenof Ohicago World's fair flow of visitors via

The Windsor Hotel, for example, which was only a small house at first, is doing increasing bisiness, and the Victoria Hotel seems to be doing very well. Here we have got a very handsome place, a palace in fact, the best hotel in the East, but it does not benefit the shareholders. I say we are accommodating the public and visitors at the expen e of the s areholders.
